## DE KORT, MADURO CELEBRATE 20TH SERVICE ANNIVERSARY TODAY

Edwin de Kort of Comptroller's - Systems and Data Processing and Lodewijk E. Maduro of Comptroller's - Financial Accounting celebrate their 20th service anniversary today.

Congratulations!

## HDS SULFUR PLANT AND HANDLING FACILITIES IN OPERATION

On Friday, June 18, acid gas ( $H_2S$ ) was introduced to SLAR, the first two sulfur plants on the HDS site. Within one hour, high purity (99.4%) sulfur was being produced. Prior to the introduction of acid gas to the sulfur plant, the unit had been cleaned, pressure tested and then brought to operating temperatures on fuel gas. On Sunday, the sulfur flaking and stacking facilities were commissioned. Initial sulfur production is about 120 long tons per day as limited by fuel gas. Commissioning of the sulfur plant was under the direction of Process Foreman Ivan Mendes. Technical assistance was provided by Messrs. F. Kock and C. K. Rodkey (Lago) and C. Thomas (ERE). The sulfur flaking facilities were started under the direction of George Groves (ERE Solids Handling Equipment expert). Technical assistance in this area was supplied by F. Kock and C. Rodkey and Jack Stover (ERE).

Congratulations for a safe, smooth startup!
